Arjunarunachalan

#### **Profile**

**Self-taught Frontend Developer** skilled in JavaScript-based technologies. I single-handedly manage the entire frontend at my company, creating responsive, user-friendly interfaces with a passion for continuous learning and problem-solving.

### **Work Experience**

#### **Frontend Developer,** intuitives oftcorporation

05/2024 – present Kannur, india

 Worked extensively on JavaScript-based frontend technologies, including Next.js and React.js, to create dynamic and responsive web applications.

• Single-handedly managed the entire frontend development process, from design implementation to deployment.

#### **Frontend Developer Intern,** *vass systems* □

01/2023 - 07/2023

calicut, india

- Worked on real-world projects, gaining hands-on experience in building responsive and dynamic user interfaces.
- Interacted directly with clients to understand their requirements and delivered solutions that exceeded expectations.
- Enhanced skillset in modern frontend technologies, focusing on JavaScript frameworks and best practices.
- Improved teamwork, communication, and problem-solving abilities through regular collaboration and feedback sessions.

#### **Mernstack Trainee,** Softroniics ☑

06/2022 - 12/2022

- Gained hands-on experience in MERN stack technologies, including MongoDB, Express.js, React.js, and Node.js.
- Assisted in training interns, sharing knowledge and guiding them on MERN stack best practices and project development.
- Enhanced understanding of modern web development tools and workflows.

#### **Projects**

#### **DealnBuy,** *E-commerce Platform* □

DealnBuy is an innovative e-commerce platform designed to make buying and selling products seamless and user-friendly. As a Frontend Developer, I contributed to building and enhancing the platform's dynamic and responsive user interfaces using modern JavaScript frameworks like React.js

Technologies Used: React js, Scss, socket.io, i18 next

Role: Frontend Developer

- Developed and maintained the front-end of DealnBuy, focusing on user experience and performance
- Integrated i18next for multi-language support, enabling dynamic language switching.
- Regularly performed bug fixes and updates to ensure platform stability.

palakkad, india
